

- Welcome to myceutube.com tutorial.
- This is a quick tutorial about how to upload a video to our server.

- These are the types of categories for which you can submit your videos.

- Drinking Water Operations
- Wastewater Operations
- Collection & Distribution
- Environmental Issues
- What's Unique About My Plant
- Operators Speak Out

3

- The process works like this: if you would like to upload a video, you will click this icon, or this hyperlink, here and it will take you to an interface where you can upload your video.

•So let's click upload ...

[Drinking Water Operations](#) [Wastewater Operations](#) [Collection & Distribution](#) [Environmental Issues](#) [What's Unique about My Plant](#) [Operators Speak Out](#)

100%

6

- You can put in your contact information. We suggest that you insert your name, e-mail address, and phone number and not leave them blank.

- At this point, we're going to upload a video. So we'll choose a video from our computer using the “browse” button.
- We can use .avi, .mov, .mpg (or .mp2), .wmv, and .flv formats.
- Your video should be under 100 MB.

8

- Give your video a title.

- Choose your category. Again, these categories reflect the categories on the menu bar.

- Write a brief description. This description is going to appear under your video.
- After you submit your video, an administrator must approve the clip before it will be posted.

11

- Retype the security code, remembering that it is case sensitive.

- And click the “upload” button.
- And that is how you upload a video to myceutube.com.

13

- If you are having problems uploading your video, click down here on this mailbox icon to submit your question.

14

- Thank you very much. We look forward to seeing your videos.
